MEMORANDUM EXPLAINING THE DETAILS OF THE BUDGET ESTIMATES FOR THE YEAR 1918-19.

(*N.B.*—Unless otherwise stated, figures in this memorandum are to be understood as representing thousands of rupees.)

1. The financial statement and budget estimates for 1918-19 contain as usual three sets of figures, *viz.*, the actuals for the year 1916-17, the accounts of which have been closed, the estimates for the year 1917-18 as revised on the basis of 10 or 11 months' actuals, and the budget estimates framed for the year 1918-19.

In this memorandum the variations between the budget and the revised estimates for the year 1917-18 and between the latter and the budget estimates for the year 1918-19 are explained. The final accounts of 1916-17 have been dealt with in detail according to the existing practice in the Appropriation Report separately published in the *Mysore Gazette*.

Changes in Classification of Receipts and Disbursements.

2. There have been no material changes in classification of heads of receipt and expenditure, adopted in the estimates for 1918-19. The classification in the budget estimates of 1918-19 follows mainly that of the preceding year except in the following respects—

(i) After the budget estimates of 1917-18 were framed, it was decided to abolish the major head 36 Guaranteed Interest on the expenditure side and show the net receipts under Railway Revenue after deducting the said interest payable to the companies in accordance with the contracts entered into with them.

(ii) It was the practice till 1916-17 to show as part of the charges against Mining Revenue all indirect charges on special government institutions maintained at the Kolar Gold Fields, such as Courts, Schools, Hospitals, etc., but in the budget estimates of 1917-18 all such charges were shown under the respective major heads. The old practice is restored in the estimates now prepared so as to bring out clearly all charges, incurred directly or indirectly on account of the mining activities at the Kolar Gold Fields and the influx of population consequent thereon, under the head "Charges against Mining Revenue."

(iii) The minor head Fees for Registration of Companies has been transferred from VI Registration to XXII Industries and Commerce.

3. The detailed estimates of the Public Works, Cauvery Power Scheme and Railway Departments have been included in the budget for 1918-19 and details of grants for individual works of the Public Works Department shown in a separate appendix as in the estimates for 1917-18.

4. The scheme of financial settlement sanctioned during the year 1917-18 and adopted in that year's estimates was explained in detail in paras 7-10 of the Memorandum explaining the estimates for 1917-18.

In accordance with the terms of that settlement, the different departments have in the *Pro-forma* account been given their annual assignments, as also a definite share of the growth of the revenues of the State.

5. One of the essential features of the Financial Settlement is that the amounts not spent out of the allotment made to the several groups during the year do not lapse but are placed to their credit so as to be available for expenditure in the coming years. The unspent allotments are charged off the revenue account of each year under the special head "Unspent allotments added to departmental balances." Similarly, when expenditure is incurred from the balance at the credit of a group, the amount of such expenditure is deducted from the total expenditure of the year by a minus entry under the head "Expenditure met from Departmental balances." Thus the addition to 'unspent allotments' or the deduction from 'Expenditure met from past balances' does not affect the revenue surplus or deficit of the year concerned.

6. As a result of this arrangement, it has been possible to provide in the estimates of 1918-19 for expenditure on various schemes aggregating 25,82 out of the balances accruing to the credit of the departments and reserves, in excess of the provision made out of the revenue receipts of the year, *viz.*, 9,74 from departmental balances, 5,12 from Reserve for Interest on capital expenditure, and 10,96 from the Special reserve for non-recurring expenditure.

No. Fl. 652-701—G. F. 184-17-4, dated 30th July 1918.

Revised Estimates for 1917-18.

7. In the subjoined statement the total revenue and expenditure according to the budget and revised estimates for 1917-18 are shown in juxta-position.

	Budget, 1917-18	Revised, 1917-18	Variation	
			Better	Worse
	Rs.	Rs.	Rs.	Rs.
Total Revenue	295,27	309,11	13,84	...
Total expenditure charged to revenue ...	295,12	307,64	...	12,52
Surplus	15	1,47	1,32	..
Capital expenditure not charged to revenue	80,92	48,17	32,75	...
Net outgoings including capital outlay ...	80,77	46,70	34,07	...

The revised estimates show an increase of 13,84 under revenue and an increase in expenditure chargeable against revenue to the extent of 12,52. In the total expenditure chargeable to revenue is included an aggregate sum of 20,11 transferred to the credit of departments as unspent allotments.

Revenue.

8. The net improvement of 13,84 on the budget under revenue is due to increased receipts amounting to 17,26 under certain heads counterbalanced to some extent by decreases under others amounting to 3,42. The variations are analysed in the following statement:—

Improvements on the Budget		Falling off from the Budget	
Land Revenue	75	Surplus revenue of assigned tract ...	1,50
Forest	2,48	Krishnarajasagara works... ...	56
Excise	1,74	Cauvery power scheme	35
Stamps	23	K. G. F. Water Supply	45
Registration	19	Other items	56
Railways	2,39		
Sandal Oil Factories	8,43		
Other items	1,05	Total decrease ...	3,42
Total increase ...	17,26	Net increase ...	13,84

Land Revenue.

9. The increase of 75 is chiefly due to better collection of arrears of previous years owing to favourable seasonal conditions.

Forest.

The improvement of 2,48 under this head is the net result chiefly of a fall of 3,40 under sandalwood and of an increase of 5,86 under timber and other produce removed by Government and private agency.

Excise.

The increase of 1,74 under Excise is chiefly due to improvement under toddy revenue.

Stamp and Registration.

The increases under these two heads do not call for any remarks.

Railways.

In the budget for 1917-18, the gross receipts from Railways worked by the Madras and Southern Mahratta Railway Company were estimated at 38,00 and the net receipts at 8,77. According to the latest figure the gross earnings for the year 1917-18 will stand at 41,07 and the net earnings at 12,06, thus giving a net improvement of 3,29.

The budget was framed with some caution in view of the enhancement of rates and the restrictions on traffic and no increase in revenue was anticipated. The revenue is however improving.

Under Railways worked by the Government, however, there has been a fall of 90 below the budget figure of 1,46. In the budget, net earnings to the extent of 1,22 were expected from the Mysore-Arsikere Railway, 6 from the Tarikere-Narasimharajapura Tramway and 18 from the two State aided lines, *viz.*, the Bangalore-Chikballapur and Kolar District Railways. The Mysore-Arsikere line was not opened for passenger traffic until 3rd January 1918 and the net receipts are expected to be 39 during the year 1917-18. The working expenses of the Tarikere-Narasimharajapura Tramway are expected to be 12 more than the gross receipts. The receipts from the two aided lines forming the Bangalore-Bowringpet loop are however expected to be better, their gross earnings and net earnings after deducting working expenses being expected to stand at 2,77 and 29 as against 2,06 and 18 respectively.

Sandal-oil Factories.

There is an increase of 8,43 under this head. It takes some months to dispose of the oil produced by the Sandal-oil Factories and the cost of production of oil undisposed of is in the nature of an advance and not a final charge on the revenue account of the Factories and this arrangement has been adopted in framing the present estimates. A large part of the quantity of oil sold in the year 1917-18 is that produced in the previous year and the charges incidental to its production were under the procedure then in force charged as working expenses in the accounts of that year. The estimate of gross receipts of the Sandal-oil Factories for the year 1917-18 is the proceeds of the sale of the production partly of the previous year and partly of the year 1917-18, while the amount charged as working expenses is only for the quantity of oil produced and sold in that year. This explains the betterment of 8,43 over the budget.

Other Heads.

Coming next to the heads of revenue which show a falling off, there is a decrease of 1,50 under the head "Surplus Revenue of the Assigned Tract." The surplus due for 1916-17 is not yet known and no payment on this account is also expected in the year 1917-18.

Krishnarajasagara works show a falling off of 56 owing to the method of adjusting the revenues not having been definitely settled at budget time.

Cauvery Power Scheme.

There is a decrease of 35 under this head, the budget having been taken at 14,33 and the revised standing at 13,98. The additional revenue expected from the Mysore Spinning and Manufacturing Company and the Soldevanhalli Pumping Station is not likely to be realised owing to delay in the receipt of required machinery.

The falling off of 45 under K. G. F. water-supply is due partly to increased cost of fuel and to the adjustment on account of charges of establishment and tools and plant by transfer from "Civil works."

EXPENDITURE.

10. The variations under the expenditure heads resulting in an excess of 12,52 over the budget estimates are set out below:—

Lapses and Savings.

Land Revenue	69
Charges against Mining Revenue	80
Police	1,27
Irrigation works charged to Revenue	3,91
Education	4,06
Agriculture	82
Industries and Commerce	1,08
Grants for Public Improvements	2,68
Army	1,32
Other items	1,36
Total lapses and savings ...	17,99

No. Fl. 652-701—G. F. 184-17-4, dated 30th July 1918.

Excesses.

Forest	1,10
Miscellaneous	58
Civil works	3,24
Miscellaneous Railway expenditure	71
Other items	21
Special Reserve for non-recurring expenditure	92
Unspent allotment transferred to Departmental balances ...	19,05
Expenditure met from balances at credit of departments and reserve funds	4,70
Total ...	30,51

Land Revenue.

11. The saving under Land Revenue is chiefly due to the non-utilization of the special grant for reorganization of Land Revenue Establishment.

Charges against Mining Revenue.

The falling off of 80 under charges against Mining Revenue is chiefly the result of a reduction in the contribution to the Capitalization fund, which fluctuates with the revenue.

Police.

The decrease of 1,27 under this head is chiefly due to the non-utilization of the grant for the re-organization of the Police Department.

Irrigation Works.

The saving under Irrigation works, *viz.*, 3,91 is due to the sanctioned grants not being worked out.

Education.

The expenditure under Education is expected to be less than the budget by 4,06 due to lapses under several items. The chief of these are :—Re-organization of the Sanskrit Colleges (27), Secondary Education, teaching Staff and establishment and additional requirements for English and Kannada Schools (22), Primary Education, grants for practical instruction, compulsory education, equipment and furniture and other items (1,20), grants for Village School buildings, building grants to aided schools (30), Training Schools, training of teachers in horticulture, equipment of existing Normal Schools, and Scholarships (29), Technical Education (55), Libraries (31) and Special Scholarships (22).

Agriculture.

The saving of 82 under Agriculture is mainly due to the provisions for the following purposes not having been fully utilized, *viz.*, re-organization of the Agricultural Department, improvements in Botanical Gardens, re-organization of the Veterinary Department, opening of additional veterinary dispensaries, feed and keep of live stock in the Kunigal Stud Farm and Sericultural expansion.

Industries and Commerce.

The savings of 1,08 under Industries and Commerce is in the grant 1,40 for development due to schemes not having been matured.

Grants for Public Improvements.

There will be a net lapse of 2,68 under this head. There will be savings under all the minor heads except Improvement of Water Supply in towns and Mysore City Improvement Trust Board, under the latter of which there will be an excess of 1 lakh over the budget. Out of the special grant 1,50 allotted for Sanitary Improvements there will be a saving of 1,33, while the provision made for town-planning operations is not likely to be spent. There will further be a saving of about a lakh under Village Improvements.

Army.

Under Army there will be saving of 1,32 in the budget grant of 17,32. This saving is the net result of increases for Field Service and Recruitment charges and decreases mainly under salaries and establishments, compensation for dearness of gram and ragi and cost of free kits, and under feed of ponies and bullocks in the Imperial Service Transport Corps.

No. Fl. 652-701—G. F. 184-17-4, dated 30th July 1918.

Excess Expenditure.

12. The heads in which the expenditure will be in excess of budget grant to any appreciable extent, are Forest, Miscellaneous, Civil works and Miscellaneous Railway Expenditure.

The increase of 1,10 under Forest is mainly under timber removed by Government agency for preparing sleepers for the Railway Department.

The increase under Miscellaneous is due to loss on remittances of part of the London balance to India arranged through the Bank of Madras and to contribution to the "Our Day" fund.

The excess of 3,24 under Civil works is due mainly to special grants to expedite the completion of various incomplete works.

The increase of 71 under Railways is explained by the outlay on surveys not provided for in the budget and the excess of 35 over the provision made for the Shimoga-Bhatkal Railway and Harbour Surveys.

Special Reserves.

13. The excess of 92 under the Special Reserve is explained as follows:—

The expenditure expected in framing the budget to be met from the reserve for interest on capital expenditure as loss on productive works during the first few years of their working was 4 lakhs. According to the revised however, this expenditure will be 4,92. The excess of 92 being the reduction in the year's net contribution to this reserve is added to the special reserve for non-recurring expenditure in view of the heavy demands which the latter reserve has to meet.

Departmental Balances.

14. In the budget it was anticipated that the unexpended allotments to be transferred to the Departmental balances would be 1,06. Owing partly to the lapses and savings explained in para 11, and to the transfer of the share of growth of revenue over the standard, the amount to be transferred to the credit of departments so as to be available for expenditure in future years will be 20,11.

As further the Departments could thus afford to meet from their normal resources some of the special items of expenditure for which grants were made from the special reserve for non-recurring expenditure, provision is made in the revised estimate for meeting such items from the departmental balances and for this reason the deduction on account of expenditure met from balances at credit of departments is less by 4,70.

Capital Outlay not charged to Revenue.

15. The budget provision and the expenditure according to the latest revised estimates in respect of the several capital works are noted below:—

	Budget grant	Revised estimate	Difference revised more (+) or less—
	Rs.	Rs.	Rs.
State Railways and Steam Tramways ...	30,00	18,16	—11,84
Krishnarajasagara Works	22,00	17,11	—4,89
Cauvery Power Works	8,92	4,27	—4,65
Industrial works	20,00	7,88	—12,12
Other works	...	75	+75
Total ...	80,92	48,17	—32,75

The lapse of 11,84 under Railways is the net result of a lapse of 13,00 under lines under construction and a credit of 97 under Bangalore Electric Tramways with an increase under open lines by 13 and Stores by 2,00 for the latter of which there was no budget grant.

No. FL. 652-701—G. F. 184-17-4, DATED 30TH JULY 1918.

Under lines under construction, the expenditure under Mysore-Arsikere Railway will be more by 3,95 and about 30 will be spent on the Tadasa-Hebbe line. There will be an excess of 10 on the Tarikere-Narasimharajapura Tramway.

There will also be a net increase of 15 under aided Railways due to an extra outlay of 60 for Chikjajur-Chitaldrug Railways and of 40 under Bangalore-Chikballapur Railway compensated by a saving of 85 under Kolar District Railways.

As against the provision of 20 lakhs made for new lines in the budget, the expenditure will be only 2½ lakhs.

The lapse under Krishnarajasagara works will be about 4,89. The chief saving is under Dam works 1,93, Chamraj right bank channel 1,46, and channels for sugar-cane development, the whole grant for which, *viz.*, 1 lakh will remain unutilized.

Under the Cauvery Power works there will be a lapse of 4,65. This is the net result of decrease under Sivasamudram Section 2,96, Bangalore City Section 84, Bangalore Civil and Military Station 35, and Mysore City Section 91 and of increase under 5th installation 41.

INDUSTRIAL WORKS.

Out of the grant of 20 lakhs provided for Iron Industry only 5,50 is likely to be utilized during the year 1917-18. The additional expenditure of 2,38 under this head represents the outlay for completing the Sandal Oil Factories at Mysore and Bangalore.

OTHER WORKS.

No provision was made in the budget under this head. A sum of 62 is expected to be spent in replacing one mile length of steel pipes of the Kolar Gold Fields Water Works by cast iron pipes, and 13 on Establishment by transfer adjustment from Civil Works.

BUDGET ESTIMATES, 1918-19.

16. The budget estimates for 1918-19 have been framed on the basis of normal seasonal conditions and the continuance of the war throughout the year. The estimates under the Principal heads of Revenue therefore generally follow the revised for 1917-18. A moderate increase of revenue is expected under some of the productive works.

For expenditure, provision is made in all departments on the usual scale and it has also been possible to provide for additional expenditure required under Army for mobilization and field service charges as well as for recruiting. Large grants were asked for by heads of departments for giving effect to various new schemes in the departments included under Moral and Material Development but most of them could not be included in the budget for want of funds. The summary of the budget thus prepared is shown below along with the revised figures for 1917-18 for purposes of comparison :—

	Revised, 1917-18	Budget, 1918-19	Variation	
			Better	Worse
	Rs.	Rs.	Rs.	Rs.
Total Revenue	309,11	298,33	...	10,78
Total expenditure charged to Revenue ...	307,64	297,92	9,72	...
Surplus	1,47	41	...	1,06
Capital outlay	48,17	93,13	...	44,96
Net Expenditure on Revenue and Capital account	46,70	92,72	...	46,02

REVENUE.

17. The Revenue of the ensuing year is expected to be 2,98,33 against 3,09,11 in the year 1917-18, *i.e.*, 10,78 less. This is the net result of increases under some heads more than counter-balanced by decreases under others. An analysis of the fluctuations is given below.

No. Fl. 652-701—G. F. 184-17-4, dated 30th July 1918.

Under heads other than those mentioned, the budget for 1918-19 closely follows the revised for 1917-18.

Increase.		Decrease.	
Land Revenue ...	95	Forest ...	4,32
Stamps	45	Excise ..	2,46
Assigned Tract Revenue ...	1,13	Interest ...	3,24
Krishnarajasagara Works	87	Railways ...	84
Cauvery Power Scheme ...	1,70	Sandal Oil Factory	4,91
Other items	58	Other items ...	69
Total	5,68	Total	16,46

Under Land Revenue, an increase of 95 is expected. The growth under Stamps is 45. The estimate under Surplus revenue of assigned tract is as usual for 1 year's revenue. A moderate rise of revenue amounting to 87 is expected from Krishnarajasagara works. The revenue from the Cauvery Power Scheme has been taken at 1,70 more than the revised for the current year in expectation of more power being supplied to the Kolar Gold Fields, the Mysore Spinning and Manufacturing Company and the Mysore Tannery.

Turning next to the heads under which a decrease in the receipts is expected as compared with the revised estimates for 1917-18, Forest shows a falling off of 4,32 due to only normal provision being made under Timber and other produce removed by Government and private agency.

The Revenue under Excise is estimated to be less by 2,46 owing mainly to anticipated refund of arrears of excise revenue due to inamdars. The decrease under Interest by 3,24 is due to the anticipated disposal of securities in the investment account for financing capital works.

The budget under Railways is again framed with caution in view of the restrictions on traffic and this explains the slight reduction from the Revised estimate.

The decrease under Sandal Oil Factory 4,91 is accounted for by the difference in procedure explained in connection with the increase in the Revised Estimate in para 9 *supra*.

EXPENDITURE.

18. The expenditure charged to revenue provided for in the budget amounts to 297,92 against 307,64 in the revised estimates, *i. e.*, 9.72 less—a result brought about by variations under a number of heads as summarised in the subjoined statement:—

Increases.		Decreases.	
Land Revenue	99	Forest	66
Stamps	39	Miscellaneous Railway Expenditure	68
Interest	1,38	Other items	13
General Administration ...	33	Unspent allotments transferred to departmental balances ...	20,11
Courts of Law	70	Expenditure met from Departmental Balances and Reserves	19,72
Police	1,35	Total ...	41,30
Medical	63		
Irrigation works charged to Revenue	5,20		
Civil works	2,46		
Education	8,70		
Agriculture	2,05		
Industries and Commerce ...	1,10		
Grants for Public Improvements ...	3,25		
Army	1,62		
Minor items	1,43		
Total ...	31,58		

Land Revenue and Survey.

19. The increase of 99 under Land Revenue is due mainly to the provision for revision of Land Revenue and Survey establishments.

The increase under Stamps 39 is due to two years' provision for supply of water-marked paper having been made in the budget.

No. Fl. 652-701—G. F. 184-17-4, dated 30th July 1918.

The provision under the head Interest on debt and other obligations is 9,04 against 7,66 in the revised. The increase is due to an extra amount of 50 being required for the payment of interest on Savings Bank deposits consequent on the enhancement of the rate of interest and to necessary provision for interest on anticipated increased balances of deposits, endowments and reserves.

Under General Administration there is on the whole an increase of 33 over the revised estimates of the current year mainly due to revision of establishment of the General and Revenue Secretariat and other charges.

The increase of 70 under Courts of Law is due partly to increased share of Land Revenue Charges transferrable to this head and partly for provision made for Judicial reforms.

The increase under Police is chiefly due to an extra grant of 95 as the result of the re-organization of the Department.

The budget provision under Medical in 1918-19 is 63 more than the revised estimate of 1917-18 and is due mainly to a grant of 52 for the re-organization of the Medical Department.

Under Irrigation works charged to revenue the increase is due to provision having been made in the budget for a vigorous execution of the tank restoration works. Schemes for these works were delayed last year and there has been a lapse on the budget grant.

Under Civil works the increase of 2,46 is mainly due to the provision for some new buildings such as the Guests' Palace at Mysore, and improvements to travellers' bungalows in the State.

The increases under the several heads comprised in the group Moral and Material Development, *viz.*, Education, Agriculture, Industries and Commerce, and Grants for Public Improvements are accounted for by the grants made for development of some of the schemes on hand in those departments.

The provision made under Education in the current year's budget is 37,97 or 8,70 in excess of the revised estimate of 29,27 last year.

This increase is partly due to provision being made under all heads as in the last year's budget and partly to extra grants for the benefit of the depressed classes (50), for furniture, buildings and appliances in aided primary schools (1,25), for opening new Panchama schools (23), for scholarships in Girls' High Schools (28), for visual instruction (15), for extension of lecture work (10), and other items. An additional grant of 2 lakhs is provided for the Mysore University for strengthening the professorial staff.

Under grants for Public Improvements, the provision in budget for current year is 12,25 against 9,00 the revised estimate in 1917-18. The increase of 3,25 is mainly due to provision of 58 over the revised for grant-in-aid to Municipal bodies for development of sanitary schemes, of ½ a lakh in excess of the usual provision of 1,50 for Malnad Improvements and a special grant of ½ a lakh as contribution to District Boards for construction and maintenance of certain roads.

The rise of 1,62 under Army is due to increased charges under pay of commissioned and non-commissioned officers and men of the Barr Force necessary for restoring the strength of the units and reserves to the sanctioned scale and to extra provision made for mobilization charges of the Imperial Service Transport Corps (50) and recruitment charges (33).

20. As against the above increases there are decreases under Service heads only under Forest (66), Mis. Railway expenditure (68) and Minor items (13).

The variation under Forest is due to the absence of special grants allotted for Kheddas and timber operations for Railway sleepers during the last year.

Under Miscellaneous Railway Expenditure, the decrease of 68 is due to only normal provision being made for surveys.

There will be a large decrease of 20,11 under Unspent allotments transferred to departmental balances in the budget, 1918-19 and this is accounted for by the considerable lapses in the budget grants in the revised 1917-18 as explained in para 11 *supra* and to full provision for expenditure being made under all heads in the budget for 1918-19.

The amount deducted from the total expenditure as outlay met from the balances of the departments and reserve funds exceeds the revised estimates by 19,72. Of this a sum of 9,78 is non-recurring special expenditure met by further grants from the special reserve and a sum of 9,74 is met from the funds at the credit of departments.

21. The budget estimates for 1918-19 include provision for special schemes and for establishment maintained on a temporary footing to the extent of about 31 lakhs as indicated below:—

Training to Shekdari Candidates.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Government Order No. 4371-4—L. R. 97-08-4, dated 5th January 1909, directing the closing of the Shekdari Training School at Bangalore and approving of the Revenue Commissioner's proposal to recruit the Shekdari service from those that have successfully undergone a course of training in the Mysore Engineering School or Rao Bahadur Arcot Narayanaswami Mudaliar's Technical School at Bangalore.

2. Government Order No. R. 5734-5—Edn. 166-12, dated 29th November 1912 directing the opening of a separate class for Shekdari candidates in the Mysore Engineering School temporarily for one year from July 1913.

3. Subsequent Government Orders extending the period by one year at a time, ending with Government Order No. 10409-10—Edn. 45-16-13, dated 22nd June 1917, sanctioning the continuance of the class up to 1st July 1918, and calling for proposals for training candidates for Shekdari in future.

4. Government Orders ending with Order No. R. 5127-75—L. R. 301-12-6, dated 9th January 1914, directing that qualified Government officials selected for Shekdari training be required to join the Engineering School at Mysore and be given half their salary as a stipend during the period of their training in the school besides being exempted from the payment of school fees.

5. Government Order No. 8561-70—L. R. 353-16-2, dated 14th February 1917, sanctioning the appointment as probationary Shekdars of men who have undergone training but who have not yet passed the Revenue Examination.

6. Letter No. C. 5064, dated 11th August 1917, from the Revenue Commissioner in Mysore, stating that it is desirable to give some training in office routine and executive work to candidates passing out of the Shekdari School before they are put in independent charge of hoblies.

7. Correspondence ending with letter No. C. 1664, dated 4th February 1918, from the Revenue Commissioner in Mysore, submitting a note regarding the training to Shekdari candidates and recommending the opening of a Shekdari School at Bangalore, under the control of the Revenue Department.

No. R. 4010-61—L. R. 227-16-5, DATED 12TH SEPTEMBER 1918.

Since the abolition of the separate Shekdari Training School at Bangalore, candidates for Shekdari are being trained in the Shekdari Class at the Mysore Engineering School and they are also required to pass the Mysore Local Service Revenue Examination before appointment as Shekdars. The existing arrangement is defective in several ways. In the first place, unnecessary prominence is given in the curriculum to Engineering, which forms the least important of the duties of Shekdars, who are essentially Revenue Officers. In the next place, a mere pass in the Revenue Examination affords no guarantee of a real grasp of the intricacies of Revenue Law and procedure. Thirdly, no provision exists for the training of the candidates in statistical methods or office routine. Fourthly and lastly, although Chain Surveying is one of the items in which instruction is now imparted in the Engineering School, it is reported that the knowledge gained is of a very elementary character, and that the Shekdars thus trained are not competent to sub-divide lands accurately. Their incapacity in this respect is one of the most fruitful sources of delay in the disposal of darkhasts.

BANGALORE, SATURDAY, DECEMBER 7, 1918.

Message from His Highness the Maharaja to His Subjects.

I desire on this day of universal rejoicing to address a special message to my beloved people in Mysore.

We are celebrating to-day the complete and glorious victory which Great Britain and her Allies have won under a Divine Providence against a powerful and ruthless foe whose avowed object was to crush the liberty of Europe under the heel of a Military autocracy. I ask you to join in the rejoicing of the whole British Empire over the triumph of the sacred cause of freedom and justice.

His Gracious Majesty the King Emperor and His Illustrious Consort who have set, throughout the war, a magnificent example of courage, sympathy and patriotism to all their subjects should be specially in our thoughts to-day.

At this time when my people are saddened by the terrible ravages of sickness, their hearts may well turn in deepest sympathy to the many thousands of sorrowing parents, wives and children whom the war has bereaved. May they be consoled by the thought that the sacrifice which their dead heroes offered for their country was not made in vain, and that "their name liveth for ever more."

We should always remember with admiration and gratitude the heroism and endurance displayed throughout the war by the sailors and soldiers of the British Empire, and we may reflect with special pride that India has played a noble part in the great struggle on almost every front, and has sent her sons in thousands to fight and die as brothers in arms, with the soldiers of Great Britain and her Allies. I am proud to think that our own Mysore Troops played their part, however small, with gallantry and distinction, and have helped to cement the bond of affection and gratitude which has, for over a century, united Mysore to the British Government perhaps more closely than any other Indian State.

Let us all earnestly pray that the cessation of hostilities which we celebrate to-day, may be the fore-runner of a just and abiding peace, and of an era of prosperity and happiness throughout the world.

Seal.

Notice No. Mis. C. 302-17, *dated 10th June* 1918.

1. Notice is hereby given that the exclusive privilege of selling Country Beer or Porter in sealed bottles in the shops specially licensed for the purpose in the Cities of Bangalore and Mysore and in the Kolar Gold Fields, for the twelve months, beginning with 1st July 1918 and ending with 30th June 1919, will be sold by public auction on the date and at the place mentioned below, by the Deputy Commissioner of the district concerned or other officer authorised by him.

2. The manufacturers of Beer are not allowed to bid for or purchase the shops.

Each bidder at the auction shall deposit a sum of Rs. 50 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. The shops will be knocked down to the approved highest bidder subject to the formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion, without assigning reasons for the same. Such formal confirmation will, unless revised by Government, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

4. As soon as the auction is completed, the deposits made by the unsuccesstul bidders will be returned to them.

5. The person to whom the shops have been knocked down, shall be required to leave his address with the sale-conducting officer in order that the confirmation of the sale may be communicated to that address, and within seven days after service of the said notice by its presentation to the purchaser or any adult male member of the family at the place of the said address or by its being affixed thereto or by its despatch duly registered by post, deposit such further sum as, with the first deposit, will make up a total security of two months' rental for the shop knocked down to him or such other reasonable amount as may

In the latter case, the forfeited deposit shall be deducted from the loss arising from the resale or other disposal, and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of land revenue. 2. The first instalment payable for the War Bonds 1921, 1923, 1925 and 1928 is 5 per cent of face value of the security applied for and this amount may be paid either in cash or by deduction from the pay of the applicant. 5. When payment of the first instalment is made by deduction from the pay of the applicant a separate statement showing particulars of deductions from each individual's pay should be attached to establishment pay bills. But in the case of bills of gazetted and other officers who draw their own salary bills, it is sufficient if the deduction is clearly noted in them and the submission of separate statements of deductions is not necessary. The applications for subscribing to the loan should be attached to the bills in which deductions on account of the first instalment are made and the treasuries cashing such bills will endorse the fact of payment on the applications and submit them to this office on the very day on which they are presented to them.

6. The remaining 23 instalments should be paid by deduction from the pay of subscribers commencing from the pay for the month subsequent to that in which the first instalment is made; for example, if the 1st instalment is paid in cash in June 1918 the deduction from salary begins from July 1918 and the last payment will be made by deduction from the pay for May 1920. Particulars of these deductions should also be shown either on the bills themselves as in the case of gazetted officers or in separate schedules attached to establishment bills.

7. Printed forms of application (*vide* para 4 *supra*) and statement of deductions (*vide* para 5 *supra*) may be obtained from treasuries.

Notification No. 2241—Banks, dated 18th June 1918.

To

The Gazetted and other Officers drawing Salary Bills.
The Heads of Offices, and the Deputy Commissioners.

Adverting to Government Notification No. Fl. 7634—G. F. 209-17-37, dated 10th June 1918, sanctioning certain concessions to Government employees to help them in investing their savings in the Second Indian War Loan, the undersigned has the honor to issue the following instructions regarding the procedure to be followed in paying the first and subsequent instalments towards the loan applied for by subscribers.

2. The first instalment payable for the War Bonds 1921, 1923, 1925 and 1928 is 5 per cent of face value of the security applied for and this amount may be paid either in cash or by deduction from the pay of the applicant. The payment should in either case be made on or before the 14th September 1918. The treasuries will not receive any amounts, whether in cash or by deduction from pay bills, after the 14th September 1918.

3. Subscriptions cannot be made for fractions of Rs. 100.

4. Applications for subscribing to the loan should, in the case of cash payments of the 1st instalment, be presented to the treasury with the amount due. The treasury will give to the applicant a receipt for the amount paid by him and forward his application to this office.

5. When payment of the first instalment is made by deduction from the pay of the applicant a separate statement showing particulars of deductions from each individual's pay should be attached to establishment pay bills. But in the case of bills of gazetted and other officers who draw their own salary bills, it is sufficient if the deduction is clearly noted in them and the submission of separate statements of deductions is not necessary. The applications for subscribing to the loan should be attached to the bills in which deductions on account of the first instalment are made and the treasuries cashing such bills will endorse the fact of payment on the applications and submit them to this office on the very day on which they are presented to them.

6. The remaining 23 instalments should be paid by deduction from the pay of subscribers commencing from the pay for the month subsequent to that in which the first instalment is made; for example, if the 1st instalment is paid in cash in June 1918 the deduction from salary begins from July 1918 and the last payment will be made by deduction from the pay for May 1920. Particulars of these deductions should also be shown either on the bills themselves as in the case of gazetted officers or in separate schedules attached to establishment bills.

7. Printed forms of application (*vide* para 4 *supra*) and statement of deducions (*vide* para 5 *supra*) may be obtained from treasuries.

M. N. KRISHNA RAO,
Comptroller.

To—All Secretaries to Government, Heads of Departments,
Deputy Commissioners and other Heads of Offices

Sir,

I have the honor to state that both Civil and Public Works Branches of this office are now amalgamated into one branch and the Railway Branch alone is separate. I therefore

request that you will be so good as to address all communications not intended for the Railway Branch of my office to "The Comptroller, Mysore Government" and all communications relating to matters affecting Railways, Construction and Open Lines to "The Comptroller, Railway Branch."

I have the honor to be,
Sir,
Your most obedient servant,
M. N. KRISHNA RAO,
Comptroller.

Loans No. 368, dated 29th June—1st July 1918.

To

The Heads of Departments and Offices and the Deputy Commissioners. Treasury Department of Districts.

As much difficulty is felt in this office in classifying the deductions made on account of repayment of House-building and other advances in establishment bills cashed at Treasuries, for want of detailed statements containing full particulars of such deductions, the undersigned has the honor to request that in future, a statement in the form annexed may invariably be attached to each establishment bill giving details of the recoveries on account of the marginally noted advances.

1. House-building advances.
2. Indian War Loan advances.

2. Treasury Officers are requested not to cash Bills from which such deductions are made but which are not accompanied by statements in the prescribed form furnishing details for the deductions shewn.

3. Printed forms of statement of deductions may be obtained from Treasuries. A stock of forms will be sent to the District Treasuries which will arrange for the necessary supplies to the Taluk Treasuries. Until receipt of printed copies the statement may be prepared in manuscript.

No. 21—T. A. D. (A)., dated 4th July 1918.

To—All Drawing Officers including Deputy Commissioners of Districts and Treasury Officers.

Has the honor to observe that the instructions issued in para 9 of this office Circular No. 438, dated the 8th September 1917 do not seem to have been clearly understood as requisitions continue to be received in this office from some of the Deputy Commissioners and Heads of Departments for issue of instructions to the Treasury for payment of advances sanctioned by Government. The instructions contained in para 9 of the Circular refer to all kinds of advances sanctioned to Government Officers, whether for their personal use or for public purposes. As stated in the Circular, the original orders sanctioning the advances should be attached to the bill and the amount drawn from the Treasury. The Treasuries are authorised to cash such bills without any special authority from this office provided they

are signed by responsible Government Officers and accompanied by the original copy of the order in which the advance is sanctioned.

Where an advance is drawn in more than one instalment, it is enough if the number and date of the order sanctioning the advance, already attached to the first bill, are quoted in the receipt on which second and subsequent instalments are drawn and Treasuries should see that such reference is given before paying such advances.

No. T. A. D. 19, dated Bangalore, 5th July 1918.

To—All Treasury Officers.

Government having in their Order No. Fl. 7090-139—G. F. 217-17-1, dated the 29th May 1918, directed that all Heads of Offices should attach to their Salary Bills for July, a certificate in Form A (appended) regarding the verification of the furniture and books in their offices and of the permanent advance held by them, has the honor to request that all Treasury Officers will see that the required certificate is attached to all Salary Bills for July presented for payment in August.

2. In the case of bills drawn by Non-Gazetted Officers as heads of their offices and who draw their own pay, not on separate Salary Bills but along with the pay of their establishments, such as, Sub-Assistant Surgeons, Sub-Registrars, Police Inspectors, Head Masters of Schools, etc., the required certificate should be attached to the Establishment Bill for July presented for encashment in August.

3. In the case of officers who have not to account for any permanent advance such as Sub-Registrars, the part of this certificate relating to such advance should be struck out and attested.

4. A similar Certificate in Form B is necessary when a transfer of charge takes place and this certificate should be attached to the first Salary Bill of the relieving officer presented after the transfer of charge.

5. Bills not accompanied by these certificates should not be paid by Treasuries.

6. The Superintendent, Government Press, has been requested to print certificate forms A and B and supply them to all Departments on application. If printed forms are not received in time, certificates in manuscript should be attached to the bills.

M. N. KRISHNA RAO,
Comptroller.

Deferred proposition.

Resolution.—Passed.

Ordinary propositions.

1. Cash account current, Demand, Collection and Balance statements, Mortuary return, Progress report of works, City Municipal and Aided Schools returns, Langarkhana return, statement of rewards for the destruction of dogs and return of prosecutions for April 1918.

Resolution.—Passed.

2. Proceedings of the Managing Committee at the meeting held on the 11th May 1918.

Resolution.—Recorded.

3. Proceedings of the Municipal City Improvement Committee.

Resolution.—Recorded.

4. Government Proceedings No. 6310-5—Ml. 96-17-25, dated the 9th May 1918, reviewing the Administration report of the Bangalore City Municipality for the year 1916-17.

Resolution.—Recorded.

5. Government Proceedings No. 6210-27—San. 105-7-5, dated the 7th May 1918, directing the reconstitution of the Central Sanitary Board for a further period of one year

Resolution.—Recorded.

6. Government Proceedings No. 3332-4—Ml. 274-13-11, dated the 26th March 1918, passing orders in the matter of the adjustment of advances made from Municipal Funds for the formation of Shankarpur Extension.

Resolution.—The Council would respectfully desire to point out that the scheme for laying out the Shankarpur Extension was devised and carried out entirely by Government and that the Municipal Council was not consulted with regard to its initiation and execution. Government simply directed that the funds therefor should be advanced by the Municipality subject to future adjustment and the Municipal Council naturally understood that the advance would be fully repaid. The Council now find that a heavy sum of Rs. 43,723-2-7 has been withheld out of Municipal Funds so advanced. In difference, however, to the generous policy of Government in dealing with Municipal finances, the Municipal Council accept the decision in this case.

7. Government Proceedings No. 5884—Ml. 142-17-12, dated the 18th April 1918 sanctioning the bye-laws framed under Section 48 (*w*) of the Municipal Regulation for regulating the scraping of grass in Municipal lands and drains.

Resolution.—Recorded.

8. Election of members for the Mysore Representative Assembly of 1918.

Resolution.—Messrs. B. K. Garuda Char, M. Ramachandra Rao Sindhe, D. Venkataramaiya and C. V. Narasimhiengar are declared elected.

9. Revenue Secretary's letter No. 6125—Ml. 79-17-9, dated the 2nd May 1918, forwarding an application from Mr. B. V. Ramaswami Chetty, B.A., Advocate, and calling for the views of the Municipal Council regarding additional remuneration for conducting Land Acquisition Suits relating to City Improvements.

Mr. Ramaswami Chetty withdrew from the meeting. There was considerable discussion as to whether he was in order in making a representation to the Dewan against the decision of the Council. Some members were of opinion that the question having already been decided by the Municipal Council of which Mr. Ramaswami Chetty was a member, it was open to him either to accept or reject the offer instead of appealing to Government, the Government having really nothing to do with a transaction between the Municipal Council and their Advocate. Others held that the larger proportion of the cost of the City Improvement schemes being met out of State Funds, it was a question for Government to decide as to what fee should be paid to the Advocate and that therefore Mr. Ramaswami Chetty's letter to Government was perfectly in order. After further consideration of the merits of the case, one suggestion being that an Advocate should be appointed whose whole time should be at the disposal of the Municipal Council for Court work, but himself not sitting on the Municipal Council, it was proposed by Mr. B. K. Garuda Char, seconded by Mr. D. V. Gundappa and supported by Mr. K. S. Krishna Iyer.

"That the Resolution No. 4 at the Council meeting held on 2nd March 1918, proposing an additional remuneration of Rs. 50 per month to Mr. B. V. Ramaswami Chetty for conducting the Land Acquisition Suits relating to the City Improvement Schemes be adhered to."

Resolution.—Carried by a majority of 9 against 8.

(Polling *for.*—Messrs. B. K. Garuda Char, M. Ramachandra Rao Sindhe, C. V. Narasimhiengar, D. V. Gundappa, N. Surappa, K. S. Krishna Iyer, B. Krishnamurthi Rao, B. Chinaswami Chetty and M. Karnik Krishnamurthi Rao.

Against.—Messrs. D. Venkataramaiya, M. Basavaiya, B. Husman Khan, G. Siddaveerappa, M. Subbaiya, D. Adeppa, Revd. D. A. Rees and H. Ramaiya.

N. B.—(Honorary President and Vice-President did not vote).

10. Letter dated the 10th May 1918, from Messrs. D. V. Gundappa, K. S. Krishna Iyer and M. K. Krishnamurthi Rao, Municipal Councillors, requesting that the work of demolishing buildings for extending the Kitchetty chattram road to the City Railway Station road may be stayed for a time pending reconsideration of the matter.

The Municipal Engineer made a statement showing the several occasions on which the various City Improvement Schemes had come up before the Municipal Council and secured their approval. After a warm discussion on the proposal to straighten the Kitchetty chattram road, it was proposed by Mr. M. K. Krishnamurthi Rao and seconded by Mr. M. Basavaiya that this project be abandoned. Mr. K. S. Krishna Iyer proposed and Mr. D. V. Gundappa seconded an amendment "that this project be carried out, but arrangements should simultaneously be made to deepen the tank area to the south of the proposed new bund and to form a park for recreation to the north of the new bund."

The amendment of Mr. Gundappa was put to vote and carried by a majority of 10 against 4.

Loans No. 368, dated 29th June—1st July 1918.

To

The Heads of Departments and Offices and the Deputy Commissioners, Treasury Department of Districts.

As much difficulty is felt in this office in classifying the deductions made on account of repayment of House-building and other advances in establishment bills cashed at Treasuries, for want of detailed statements containing full particulars of such deductions, the undersigned has the honor to request that in future, a statement in the form annexed may invariably be attached to each establishment bill giving details of the recoveries on account of the marginally noted advances.

1. House-building advances.
2. Indian War Loan advances.

2. Treasury Officers are requested not to cash bills from which such deductions are made but which are not accompanied by statements in the prescribed form furnishing details for the deductions shewn.

3. Printed forms of statement of deductions may be obtained from Treasuries. A stock of forms will be sent to the District Treasuries which will arrange for the necessary supplies to the Taluk Treasuries. Until receipt of printed copies the statement may be prepared in manuscript.

No. 21—T. A. D. (A), dated 4th July 1918.

To—All Drawing Officers including Deputy Commissioners of Districts and Treasury Officers.

Has the honor to observe that the instructions issued in para 9 of this office Circular No. 438, dated the 8th September 1917 do not seem to have been clearly understood as requisitions continue to be received in this office from some of the Deputy Commissioners and Heads of Departments for issue of instructions to the Treasury for payment of advances sanctioned by Government. The instructions contained in para 9 of the Circular refer to all kinds of advances sanctioned to Government Officers, whether for their personal use or for public purposes. As stated in the Circular, the original orders sanctioning the advances should be attached to the bill and the amount drawn from the Treasury. The Treasuries are authorised to cash such bills without any special authority from this office provided they are signed by responsible Government Officers and accompanied by the original copy of the order in which the advance is sanctioned.

Where an advance is drawn in more than one instalment, it is enough if the number and date of the order sanctioning the advance, already attached to the first bill, are quoted in the receipt on which second and subsequent instalments are drawn and Treasuries should see that such reference is given before paying such advances.

No. T. A. D. 19, dated Bangalore, 5th July 1918.

To—All Treasury Officers.

Government having in their Order No. Fl. 7090-139—G. F. 217-17-1, dated the 29th May 1918, directed that all Heads of Offices should attach to their Salary Bills for July, a certificate in Form A (appended) regarding the verification of the furniture and books in their offices and of the permanent advance held by them, has the honor to request that all Treasury Officers will see that the required certificate is attached to all Salary Bills for July presented for payment in August.

2. In the case of bills drawn by Non-Gazetted Officers as heads of their offices and who draw their own pay, not on separate Salary Bills but along with the pay of their establishments, such as, Sub-Assistant Surgeons, Sub-Registrars, Police Inspectors, Head Masters of Schools, etc., the required certificate should be attached to the Establishment Bill for July presented for encashment in August.

3. In the case of officers who have not to account for any permanent advance such as Sub-Registrars, the part of this certificate relating to such advance should be struck out and attested.

4. A similar Certificate in Form B is necessary when a transfer of charge takes place and this certificate should be attached to the first Salary Bill of the relieving officer presented after the transfer of charge

5. Bills not accompanied by these certificates should not be paid by Treasuries.

6. The Superintendent, Government Press, has been requested to print certificate forms A and B and supply them to all Departments on application. If printed forms are not received in time, certificates in manuscript should be attached to the bills.

M. N. KRISHNA RAO,
Comptroller.

Loans No. 368, *dated* 29*th June*—1*st July* 1918.

To

The Heads of Departments and Offices and the Deputy Commissioners, Treasury Department of Districts.

As much difficulty is felt in this office in classifying the deductions made on account of repayment of House-building and other advances in establishment bills cashed at Treasuries, for want of detailed statements containing full particulars of such deductions, the undersigned has the honor to request that in future, a statement in the form annexed may invariably be attached to each establishment bill giving details of the recoveries on account of the marginally noted advances.

1. House-building advances.
2. Indian War Loan advances.

2. Treasury Officers are requested not to cash bills from which such deductions are made but which are not accompanied by statements in the prescribed form furnishing details for the deductions shewn.

3. Printed forms of statement of deductions may be obtained from Treasuries. A stock of forms will be sent to the District Treasuries which will arrange for the necessary supplies to the Taluk Treasuries. Until receipt of printed copies the statement may be prepared in manuscript.

No. 21—T. A. D. (A)., dated 4th July 1918.

To—All Drawing Officers including Deputy Commissioners of Districts and Treasury Officers.

Has the honor to observe that the instructions issued in para 9 of this office Circular No. 438, dated the 8th September 1917 do not seem to have been clearly understood as requisitions continue to be received in this office from some of the Deputy Commissioners and Heads of Departments for issue of instructions to the Treasury for payment of advances sanctioned by Government. The instructions contained in para 9 of the Circular refer to all kinds of advances sanctioned to Government Officers, whether for their personal use or for public purposes. As stated in the Circular, the original orders sanctioning the advances should be attached to the bill and the amount drawn from the Treasury. The Treasuries are authorised to cash such bills without any special authority from this office provided they are signed by responsible Government Officers and accompanied by the original copy of the order in which the advance is sanctioned.

Where an advance is drawn in more than one instalment, it is enough if the number and date of the order sanctioning the advance, already attached to the first bill, are quoted in the receipt on which second and subsequent instalments are drawn and Treasuries should see that such reference is given before paying such advances

No. T. A D. 19, dated Bangalore, 5th July 1918.

To—All Treasury Officers.

Government having in their Order No. Fl 7090-139—G. F. 217-17-1, dated the 29th May 1918, directed that all Heads of Offices should attach to their Salary Bills for July, a certificate in Form A (appended) regarding the verification of the furniture and books in their offices and of the permanent advance held by them, has the honor to request that all Treasury Officers will see that the required certificate is attached to all Salary Bills for July presented for payment in August.

2 In the case of bills drawn by Non-Gazetted Officers as heads of their offices and who draw their own pay, not on separate Salary Bills but along with the pay of their establishments, such as, Sub-Assistant Surgeons, Sub-Registrars, Police Inspectors, Head Masters of Schools, etc., the required certificate should be attached to the Establishment Bill for July presented for encashment in August

3 In the case of officers who have not to account for any permanent advance such as Sub-Registrars, the part of this certificate relating to such advance should be struck out and attested.

4 A similar Certificate in Form B is necessary when a transfer of charge takes place and this certificate should be attached to the first Salary Bill of the relieving officer presented after the transfer of charge.

5. Bills not accompanied by these certificates should not be paid by Treasuries.

6 The Superintendent, Government Press, has been requested to print certificate forms A and B and supply them to all Departments on application If printed forms are not received in time, certificates in manuscript should be attached to the bills.

No. T. A. D. A. 79, dated 16th July 1918.

To—Deputy Commissioners, Treasury Department of Districts and the Officer in charge, State Huzur Treasury, Bangalore.

Some of the Treasuries do not seem to know how to show in accounts deficiencies or excesses found in their cash balances. The following instructions are issued for their guidance :—

(1) When a deficiency is found in the cash balance of any day, it should be made good *at once* by the person responsible for it, and the closing cash balance of the day should be the full balance including the amount lost and made good. If, however, for any exceptional reason, the amount of a deficiency is not immediately restored to the Treasury balance, it should be charged in the accounts of the day on which the deficiency is discovered, on a voucher in the following form, signed by the Treasury Officer.

(1) When I verified the cash balance to-day, I found it to be less than the correct account balance by Rs.....

(2) This amount could not be restored to the Treasury balance to-day, for the following reasons.

.....

....

(3) I have submitted a report to..... ..about the discovery of this deficiency in my letter No.....of to-day.

(4) The amount has been charged as an advance recoverable from (here should be specified the name of the person who should make good the amount) in to-day's accounts and it will be recovered and credited in my accounts for.....Treasury Officer.

2. It should be remembered that the Treasury cash balance cannot be kept short owing to a deficiency due to the negligence of the Treasury staff. It should be made good on the very day on which the shortage is found. It is only in extremely rare cases and in quite exceptional circumstances that the deficiency can be allowed to be treated as a recoverable charge in the accounts of the day and even in such a rare case, the shortage must be made good the very next day. Some Treasuries keep the accounts of the day on which a deficiency is found, open till the amount is recovered. This is a serious irregularity and very severe notice will be taken of the conduct of officers responsible for such irregularity.

3. When any excess is found in the cash balance, it should be credited to Revenue Deposits on the day on which the excess is found pending enquiry and disposal of the amount. If the investigation does not establish beyond doubt that the excess is due to a particular person, it should be credited to Government under "III Miscellaneous other receipts." If the amount is proved to be payable to any particular person, the refund should be made under the orders of the Deputy Commissioner.

Comptroller.

To—All Secretaries to Government, Heads of Departments, Deputy Commissioners and other Heads of Offices.

Sir,

I have the honor to state that both Civil and Public Works Branches of this office are now amalgamated into one branch and the Railway Branch alone is separate. I therefore request that you will be so good as to address all communications not intended for the Railway Branch of my office to "The Comptroller, Mysore Government," and all communications relating to matters affecting Railways, Construction and Open Lines to 'The Comptroller, Railway Branch."

I have the honor to be,
Sir,
Your most obedient servant,

Comptroller.

No. T. A. D. A. 79, dated 16th July 1918.

To—Deputy Commissioners, Treasury Department, of Districts and the Officer in charge, State Huzur Treasury, Bangalore.

Some of the Treasuries do not seem to know how to show in accounts deficiencies or excesses found in their cash balances. The following instructions are issued for their guidance :—

(1) When a deficiency is found in the cash balance of any day, it should be made good *at once* by the person responsible for it, and the closing cash balance of the day should be the full balance including the amount lost and made good. If, however, for any exceptional reason, the amount of a deficiency is not immediately restored to the Treasury balance, it should be charged in the accounts of the day on which the deficiency is discovered, on a voucher in the following form, signed by the Treasury Officer.

(1) When I verified the cash balance to-day, I found it to be less than the correct account balance by Rs..... .....

(2) This amount could not be restored to the Treasury balance to-day for the following reasons.

.....

....

(3) I have submitted a report to..... ..about the discovery of this deficiency in my letter No.....of to-day.

(4) The amount has been charged as an advance recoverable from (here should be specified the name of the person who should make good the amount) in to-day's accounts and it will be recovered and credited in my accounts for.....Treasury Officer.

2. It should be remembered that the Treasury cash balance cannot be kept short owing to a deficiency due to the negligence of the Treasury staff. It should be made good on the very day on which the shortage is found. It is only in extremely rare cases and in quite exceptional circumstances that the deficiency can be allowed to be treated as a recoverable charge in the accounts of the day and even in such a rare case, the shortage must be made good the very next day. Some Treasuries keep the accounts of the day on which a deficiency is found, open till the amount is recovered. This is a serious irregularity and very severe notice will be taken of the conduct of officers responsible for such irregularity.

3. When any excess is found in the cash balance, it should be credited to Revenue Deposits on the day on which the excess is found pending enquiry and disposal of the amount. If the investigation does not establish beyond doubt that the excess is due to a particular person, it should be credited to Government under "III Miscellaneous other receipts." If the amount is proved to be payable to any particular person, the refund should be made under the orders of the Deputy Commissioner.

Circular No. 107—Loans, dated 23rd July 1918.

To

The Heads of Departments and Offices, Treasury Officers including Officer in charge of State Huzur Treasury.

Has the honor to invite reference to para 9 of this office Circular No. 438—TAD (A). dated the 2nd October 1917, *re* payment of advances sanctioned to Government Officers, and to state that agreeably to the procedure therein described, the practice of authorising payment of house-building and other advances to Government employees will be discontinued and the following procedure adopted in future.—

(1) As soon as the Government Order sanctioning the advance is received by the Head of the Department or office and communicated to the officer to whom the advance is sanctioned, the latter should execute the bond, if any, required by the rules.

(2) The receipted bill or voucher presented at the Treasury for payment of the advance should bear a certificate of the Deputy Commissioner to the effect that the necessary bonds have been executed and should be accompanied with the duly authenticated copy of the Government Order sanctioning the advance received by the officer drawing the advance. This copy should be attached to the voucher sent to this office in support of payment made. Receipts for payment of second instalments of house-building advances should bear a certificate of the Deputy Commissioner to the effect that he has satisfied himself that the first advance had been fully spent upon the building and the second instalment may be paid.

(3) In the case of advances to Establishments, arrangements will be made by the Head of the Office for recovering the advance in accordance with the rules. The voucher for payment of the advance should be countersigned by the Head of the Office who draws the salary of the officer receiving the advance before it is presented at the Treasury. Such countersignature is necessary to keep the Head of the Office informed of the advance drawn and to enable him to make the necessary deduction from salary drawn for the debtor. Bills of Gazetted Officers need not be countersigned as they will themselves arrange to make the deductions from their salary bills. Particulars as to the nature of the advance, the serial number of the instalment and the amount deducted should be clearly noted in their Salary Bills.

M. N. KRISHNA RAO,
Comptroller.

With reference to Government Notification No. Fl. 9254—G. F. 491-11-2, dated 20th August 1912, and No. Fl. 1118—G. Promissory notes of the State Loan of 1906-07 at 97.

No. T. A. D. A. 79, dated 16th July 1918.

To—Deputy Commissioners, Treasury Department, of Districts and the Officer in charge, State Huzur Treasury, Bangalore.

Some of the Treasuries do not seem to know how to show in accounts deficiencies or excesses found in their cash balances. The following instructions are issued for their guidance :—

(1) When a deficiency is found in the cash balance of any day, it should be made good *at once* by the person responsible for it, and the closing cash balance of the day should be the full balance including the amount lost and made good. If, however, for any exceptional reason, the amount of a deficiency is not immediately restored to the Treasury balance, it should be charged in the accounts of the day on which the deficiency is discovered, on a voucher in the following form, signed by the Treasury Officer.

(1) When I verified the cash balance to-day, I found it to be less than the correct account balance by Rs..... .....

(2) This amount could not be restored to the Treasury balance to-day for the following reasons.

.....

....

(3) I have submitted a report to..... ..about the discovery of this deficiency in my letter No.....of to-day.

(4) The amount has been charged as an advance recoverable from (here should be specified the name of the person who should make good the amount) in to-day's accounts and it will be recovered and credited in my accounts for.....Treasury Officer.

2. It should be remembered that the Treasury cash balance cannot be kept short owing to a deficiency due to the negligence of the Treasury staff. It should be made good on the very day on which the shortage is found. It is only in extremely rare cases and in quite exceptional circumstances that the deficiency can be allowed to be treated as a recoverable charge in the accounts of the day and even in such a rare case, the shortage must be made good the very next day. Some Treasuries keep the accounts of the day on which a deficiency is found, open till the amount is recovered. This is a serious irregularity and very severe notice will be taken of the conduct of officers responsible for such irregularity.

3. When any excess is found in the cash balance, it should be credited to Revenue Deposits on the day on which the excess is found pending enquiry and disposal of the amount. If the investigation does not establish beyond doubt that the excess is due to a particular person, it should be credited to Government under "III Miscellaneous other receipts." If the amount is proved to be payable to any particular person, the refund should be made under the orders of the Deputy Commissioner.

Circular No. 107—Loans, dated 23rd July 1918.

To

The Heads of Departments and Offices,
Treasury Officers including Officer
in charge of State Huzur Treasury.

Has the honor to invite reference to para 9 of this office Circular No. 438—TAD (A). dated the 2nd October 1917, *re* payment of advances sanctioned to Government Officers, and to state that agreeably to the procedure therein described, the practice of authorising payment of house-building and other advances to Government employees will be discontinued and the following procedure adopted in future.—

(1) As soon as the Government Order sanctioning the advance is received by the Head of the Department or office and communicated to the officer to whom the advance is sanctioned, the latter should execute the bond, if any, required by the rules.

(2) The receipted bill or voucher presented at the Treasury for payment of the advance should bear a certificate of the Deputy Commissioner to the effect that the necessary bonds have been executed and should be accompanied with the duly authenticated copy of the Government Order sanctioning the advance received by the officer drawing the advance. This copy should be attached to the voucher sent to this office in support of payment made. Receipts for payment of second instalments of house-building advances should bear a certificate of the Deputy Commissioner to the effect that he has satisfied himself that the first advance had been fully spent upon the building and the second instalment may be paid.

(3) In the case of advances to Establishments, arrangements will be made by the Head of the Office for recovering the advance in accordance with the rules. The voucher for payment of the advance should be countersigned by the Head of the Office who draws the salary of the officer receiving the advance before it is presented at the Treasury. Such countersignature is necessary to keep the Head of the Office informed of the advance drawn and to enable him to make the necessary deduction from salary drawn for the debtor. Bills of Gazetted Officers need not be countersigned as they will themselves arrange to make the deductions from their salary bills. Particulars as to the nature of the advance, the serial number of the instalment and the amount deducted should be clearly noted in their Salary Bills.
